

IDENTITY / RELATIONSHIP

One learning community, three roles

The educational project is shared; the legal entities remain distinct.

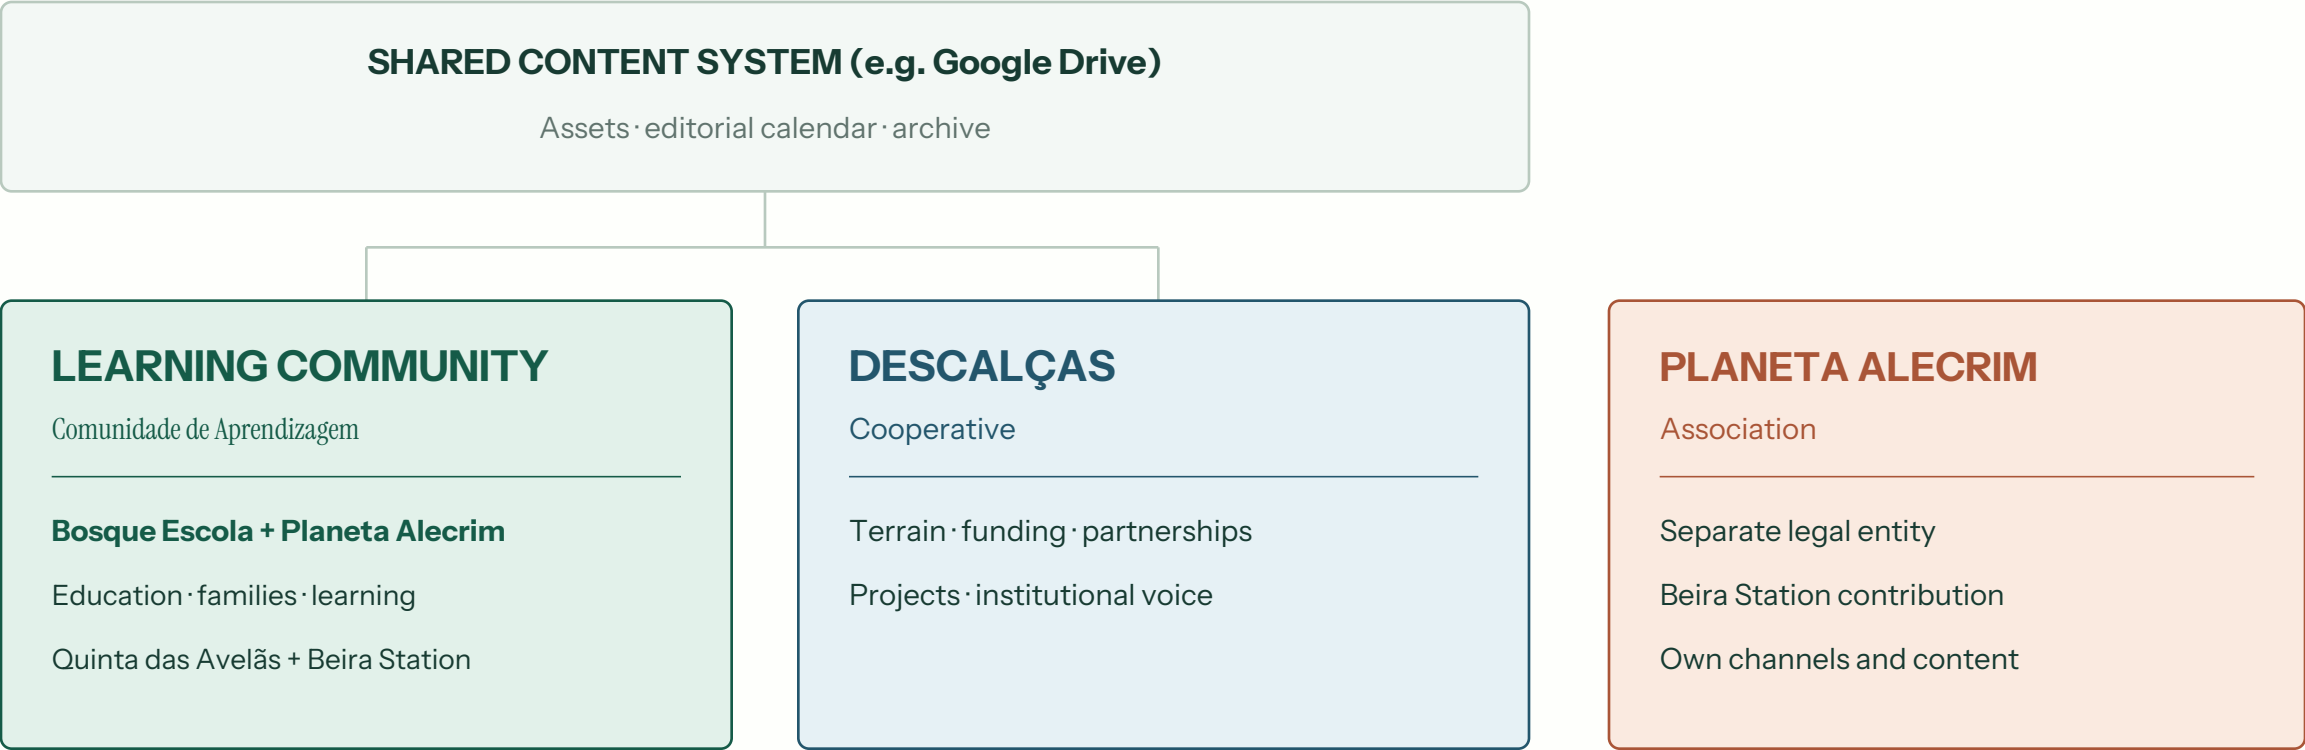

Two familiar places for families: Quinta das Avelãs + Beira Station

CHANNELS / IDENTITY

Every channel has a job

Shared education; separate organisational voices and responsibilities.

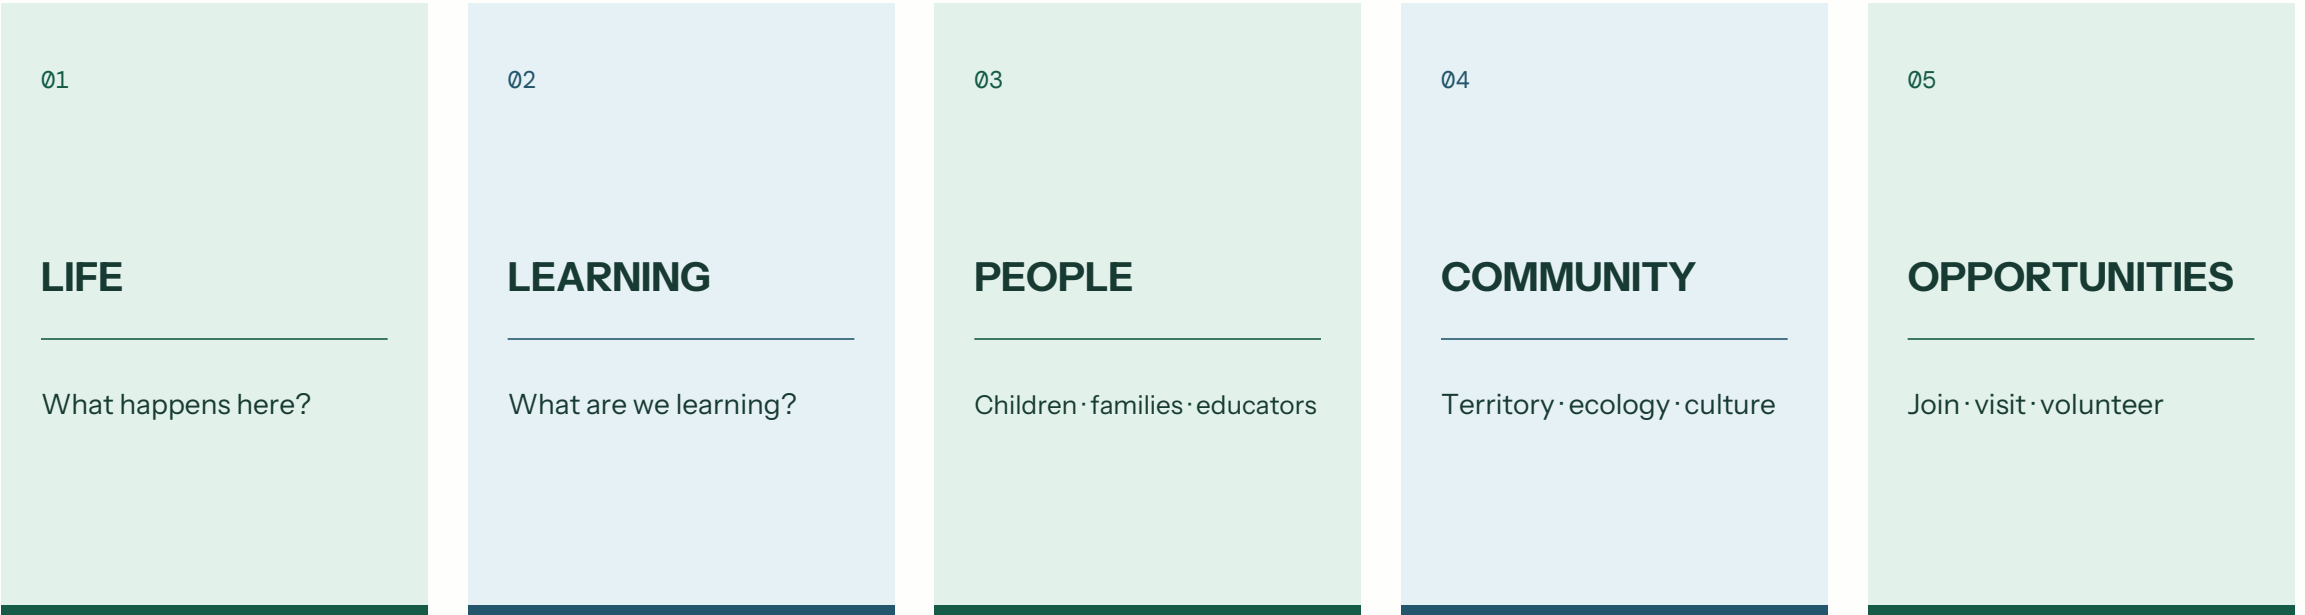

Association and cooperative channels remain separately accountable.

EDITORIAL STRATEGY

From posting to purpose

A shared learning story, told for the people it is meant to reach.

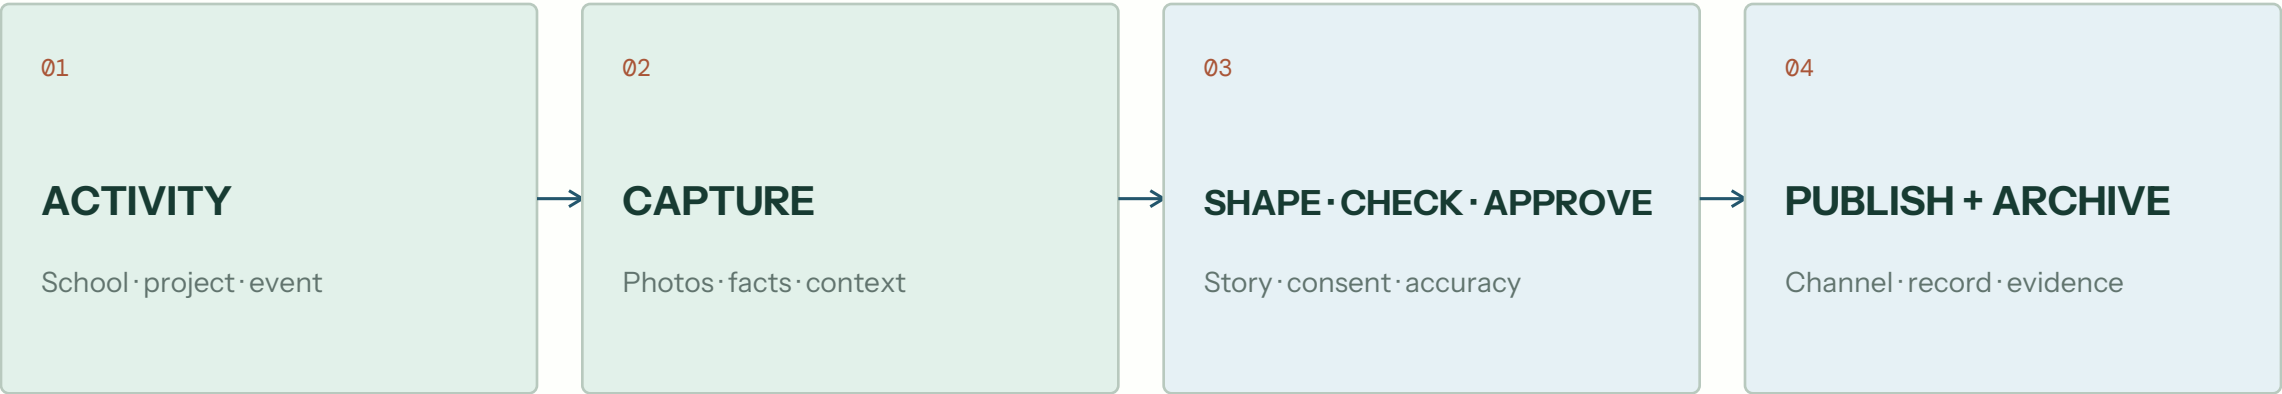

EVERY CAMPAIGN STARTS WITH

RESPONSIBILITIES / WORKFLOW

A clear route to publish

One continuous path, with one named owner at each handoff.

EXCEPTION

Small local initiatives can remain informal and outside the main channels.

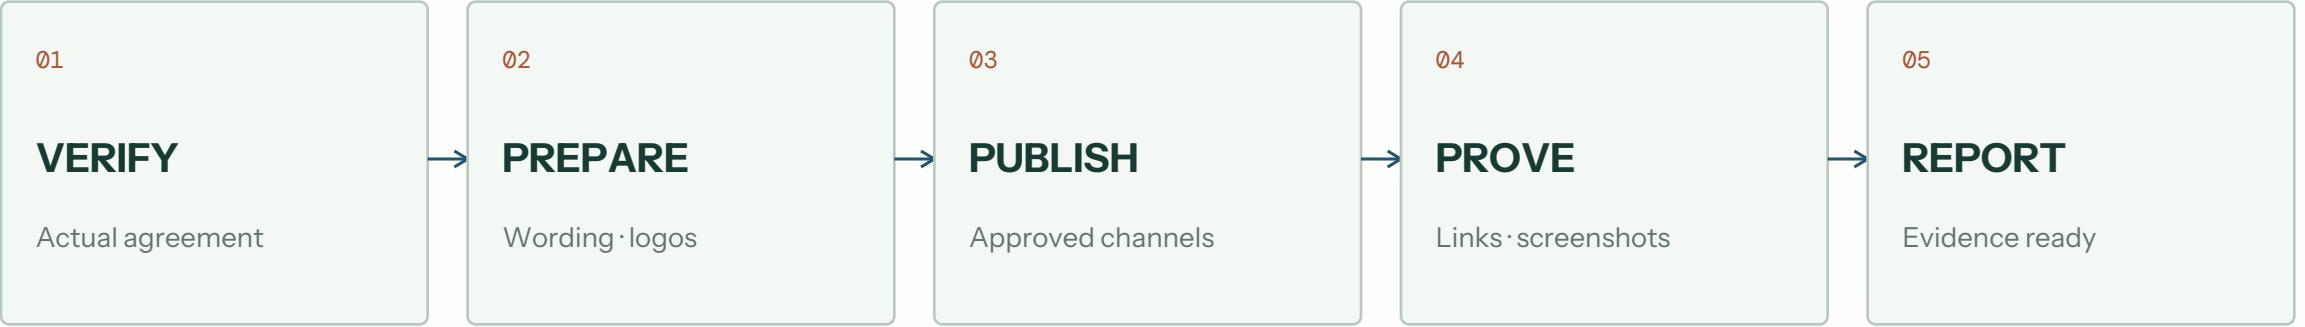

FUNDED PROJECTS

Visibility is a project task

Descalças checks project requirements and keeps the evidence.

DESCALÇAS

CES · ENRAIZAR / ALENTEJO 2030 · OTHER PROJECTS

RULE

Confirm every visibility obligation against the actual project agreement.

CES / ROUTINE EVIDENCE

Make evidence routine

Build a publication record as work happens, rather than at the reporting deadline.

HANDOFF

Volunteers supply stories and facts → communications publishes → Descalças checks evidence

DECISIONS / NEXT STEPS

Make the model operational

Turn the agreed structure into named responsibilities and recorded decisions.

01	CONFIRM	Legal relationships and leadership
02	ASSIGN	One owner and purpose per channel
03	DEFINE	Content ownership and sign-off
04	VERIFY	CES / Enraizar agreement requirements
05	RECORD	Decisions in an accessible shared space
